# What is Single Mom Strong?

It is the mission of Single Mom Strong to ***empower*** and create ***community*** for single mothers and their children, through ***enrichment***, ***encouragement*** and ***educational*** programs.

# How do we do it?

## 1. Community:

Through regular events, we create connections between single mothers, ensuring moms have each other to lean on, celebrate or tackle challenges with. Here, single mothers are never alone.

## 2. Programs:

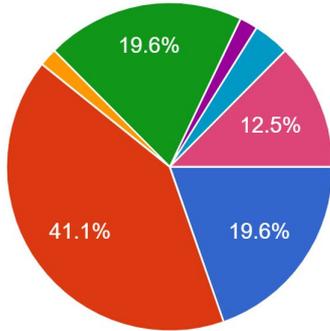

We are working to remove barriers to single mothers' success and ensure the best outcomes for moms and kids. From coaching and mentoring for mom to affordable tutoring and preschool and childcare programs for her kids, and so much more, Single Mom Strong removes barriers to success.

Single Mom Strong's membership is diverse as single mothers are... All ages, races, ethnicities and socio economic statuses are represented here. We may be in different places in our careers or lives, but we all know what it feels like to manage so much alone. We are more alike than we are different and ***we are stronger together.***
